QUICK DISCLAIMER: Before we get started, I want to share a quick overview of what the Tarot is and what it isn't.

What Tarot is: A powerful spiritual tool used to help you understand yourself and your relationships on a deeper, more connected level.

It can provide clues as to where you are on the great Wheel of Life in any given moment. Tarot is useful to help us dial into the specific elements, energies, patterns, and lessons that are currently present in our reality. It can help us identify karmic blocks, situations to be watchful of, and many other useful

insights.

Ultimately, Tarot is an amazing tool to assist you in manifesting your deepest desires and spiritual growth!

What Tarot is not: A “fortune telling” machine. ... The cards make suggestions and give powerful insight, but it is up to you to put the magic into action ✨.

About the 5 Card Crystal Soulmate Spread:

This spread gives you valuable insight into the qualities of your soulmate, how you’ll meet, actions to take, obstacles to watch out for, and the overall outcome of your connection (see picture below).

I include a crystal reading as an “enhancer” to get an even deeper insight into who your soulmate is and what kind of energies they are currently working through.

I love this spread because it is very powerful yet easy to follow and understand. So let’s dive in!

Position 1: Soulmate

“Qualities and characteristics”

Answers: Who are they?

This card represents the “soul” of your soulmate: who they are at their core and what they came here to accomplish. It can hint at physical characteristics or other markers such as an astrological sign, etc.

5 of Wands

“Learn to take life as it comes, both positive and negative”

- **Element: Fire**
- **Planet: Saturn**
- **Astrological sign: Leo**
- **Key dates: February 17th to February 27th**
- **Numerology: 17, 27**

The 5 of Wands in this position suggests your soulmate thrives on challenges and raw adventure. They may be athletic, into sports, and/or competitive in nature, but one thing is for sure: They live for a good adrenaline rush!

They are not afraid to speak their mind, lead the charge, or fight for those they love.

They may not always be the easiest to get along with, as they are opinionated and ready to rumble (if necessary). They are stimulated by lively debate and passionate problem-solving.

They are driven by their soul's desire to become the sharpest tool in the toolbox, going to great lengths to master any weaknesses and come out on top.

Whether it's in a career, lifestyle, or karmic debt, they are currently working through some type of rivalry and conflict. However, this is not a bitter battle but rather a healthy training ground for their soul's evolution.

When in balance, they are a joy and wonder to see in action, especially when instructing children. They work better alone when they can be in charge of their own results rather than relying on a team.

They have the uncanny ability to have fun and still work exceptionally hard to accomplish what they set their mind to.

They are bold, active, passionate, inspiring, fun, good-natured, competitive, and focused on the task at hand.

When out of balance, they can be childish, petty, selfish, dull, and argumentative. They could be challenged in areas of temperament, and they may be prone to escalating a rich debate into a hotly contested showdown...

Soul's mission: Drawing the 5 of Wands in this position suggests they are here to obtain true mastery of themselves and the world around them. They are doing their highest work when they are using their hard-won skills to instruct and shape the next generation.

Zodiac sign: I'm picking up that your person is likely a Leo or another fire sign such as Aries or Sagittarius. If they aren't a fire sign, which is still possible, they still exhibit the qualities of water sign energy such as intuitiveness, generosity and passion.

Initials: I'm seeing the initials, D, J, L & M around this, and this person, perhaps friends or close connections with them. I also see someone who works hard, but may have issues with money or potentially depend on you or someone else for money...

Key dates: Based on your cards, I see a possible encounter between February 17th to February 27th. Pay close attention during this time. Please remain patient as it is not totally clear, I am only going off your name and date of birth after all. A private reading can shine more light on this, but for now I suggest you start doing work on self-love today. Before long, you'll manifest this incredible soulmate that will help you grow spiritually and emotionally.

Crystal Enhancer: Aragonite

Aragonite is a crystal that brings common sense to solving problems and helps build confidence while learning new skills. Encourages moderation, discipline, and reliability. Eases stress in people who push themselves too hard. Work with Aragonite to help your soulmate stay balanced on his journey to you!

Position 2: Circumstances

“Clues to your connection”

Answers: How will you meet?

This card represents trends, external forces, and/or personalities that will influence your meeting/reunion

Hanged Man (inverted)

“Look at the world from a different perspective”

- **Element: Water**
- **Astrology: Pisces**
- **Planet: Neptune**
- **Number: 12**

The Inverted Hangedman in this position suggests a frustrating experience or person will play a part in meeting your soulmate.

This could be a shared experience where you and your soulmate are on the same side of the issue/situation or perhaps you are adversaries!

Therefore, stay open to situations that appear to be negative in nature.

If there is someone in your life that is acting selfishly and causing you strife, take a step back *breathe* and try to approach them as neutrally as possible.

If there is a situation that is bothering you, look at it from a different perspective.

This card suggests that within the folds of these “negative” experiences, you may find that which you seek: *love at its deepest level*.

Therefore, seek not to silence the noise and chaos but to find refuge in your still, small voice... the calm Center Within.

Do this, and you never know what charming apparitions may appear!

Now for where you'll meet, I'm picking up that it will be in a place where everyone's busy, but you're kinda... *stationary*. The essence here is that amidst the rush, you might find connection in a pause, a moment of stillness.

Maybe it's a party you hesitated to attend, a delayed flight where you strike up a conversation with a stranger, or an old coffee shop you duck into to escape the rain.

The Hanged Man Reversed points towards those moments of delay or resistance, where, ironically, you might just find forward momentum in your love life...

So, the next time you're caught in a standstill, take a look around. **Your soulmate might just be lingering in that same suspended moment, waiting to approach you.**

Position 3: Actions

“Make it Happen”

Answers: How can you influence the situation?

This card represents trends, external forces and/or personalities that will influence your meeting/reunion

Ace of Cups

“Open your heart and receive the emotions around you”

- **Element: Water**
- **Astrology: Cancer, Pisces, Scorpio**
- **Planet: Sun**
- **Number: 1**

To bring your soulmate to you, it is important that you open your heart and focus on unconditional love.

You must believe AS IF...

Seek out the beauty in the “mundane”.

Create magical, romantic spaces.

Do things that encourage you to feel deeply, challenge yourself to love yourself and others unconditionally...

Prove to the Divine you are ready to fall madly, deeply in love by starting a love affair with nature:

* Go to a special viewing spot and see, *really see*, the breathtaking beauty of a radiant sunset...

*Sit near a stream, lake, or ocean. Close your eyes and listen, *really listen* to the healing sounds of water in nature.

*Take off your shoes and feel, *really feel*, the sensation of spring-tender grass on your bare feet.

Make a commitment to *really notice* the multitudes of ways nature courts us day in and day out...

Bring something back from the wild and adorn yourself or your sacred space.

Take pleasure in your Divine Feminine essence, your wondrous feminine body, and *all* the simple things we so easily forget.

Allow emotions to come up and don't push them away...

Lower your expectations of others' behavior right now and focus on the wonder of the beauty that surrounds you every single day... look for it in a million small and miraculous ways.

Start a gratitude journal and list 10 things you are grateful for first thing in the morning. After writing each item down, say (with gratefulness in your heart) the magic words ***“thank you, thank you, thank you”***.

Seek out water and the elements of water, as this will help you open your heart and align with unconditional love.

Position 4: Actions

“Rise to the Challenge”

Answers: What obstacles and challenges will come up?

This card indicates forces that may block or distract you or prevent you from meeting your soulmate. What represents a hurdle or barrier

Ace of Swords

“Speak your mind to solve your problems”

- **Element: Air**
- **Astrology: Gemini, Libra, Aquarius**
- **Planet: Sun**
- **Number: 1**

You are being called to speak your truth to someone and it will not be easy for you. It feels scary... maybe even a little terrifying.

Do it anyway.

Remember, the first step is the hardest, my friend.

If you push through your fear, you will have a breakthrough of clarity and logic. Situations and conflicting viewpoints won't seem so confusing.

Speaking your truth is the only way you will get to the heart of the matter and a sharing of ideas.

This will calm the waters and allow you and your soulmate to have a meeting of the minds, which will eventually lead to a union of the hearts.

Remind yourself there is no reward greater than being authentically YOU.

When you come straight from the heart, your self-confidence expands.

I want to be very clear here: This card in this position suggests that if you *do not* speak up and stand in your truth (with love) when you are being called to do so, you risk blocking your soulmate connection.

So what are you waiting for?

Take a deep breath and speak up – even if your voice shakes!

Position 5: Outcomes

“Make manifest”

Answers: How will it all come together and what is the outlook?

This card indicates the potential outcomes and overall assessment of your connection.

Ace of Pentacles

“The time is right to take action on your ideas”

- **Element: Earth**
- **Astrology: Capricorn, Virgo, Taurus**
- **Planet: Earth, Venus**
- **Number: 1**

The Ace of Pentacles in this position is an incredible card suggesting you have planted the seeds of a bright future and your soulmate connection will be long-lasting!

It indicates the Universe is at your side and steering you towards stability, security, and receiving a good yield. It's a wonderful card to close out your soulmate reading.

Your soulmate connection is bursting with potential and possibilities, the kind of inspired love story that leaves a legacy for generations to come.

Ace of Pentacles is a strong "YES" on manifesting your heart's desire.

It suggests that if you take heed to today's message and are able to:

***Breathe through frustration**

***Soak up the natural world**

***Speak your truth**

You will manifest a soulmate connection that is *prosperous, powerful, fresh, and long-lasting*.

The Ace of Pentacles in this position suggests a soulmate connection that grows substantially in wealth and material things over time.

This card depicts a new relationship that will be seeded within the year. You may meet much sooner but this is not a "fools rush in" connection. Rather, it's a slow build... grounded in deep roots of respect and admiration that can only develop over time.

This type of solid and rewarding enterprise does take time to develop, so patience and dependability are necessary qualities within this connection and within your own heart.

This is not a lavish or frivolous affair. Rather it is solid, sturdy, plentiful, and able

to withstand the storms of life.

You are building an empire and leaving a legacy, *together*.

The words that best describe your relationship outcome are *stable, steady, dependable, sturdy, strong foundation, original*. And YES I do see a possibility of marriage.

However, pay attention to the full message here...

This card is very clear that IF you want to manifest this deep connection in all its glory, *you must take action*.

The ball is in your court!

Final Thoughts:

It's not often that THREE ACES come through in a soulmate reading. This is a strong indication that your soulmate connection is probably not someone you already know (like a reunited lover), but a totally new person you've just met or will meet soon.

It shows there is an overall theme of "new" in your life, so stay open to all the possibilities.

You may find yourself starting a new job, moving to a new town, starting a new project, and/or undergoing a transformation of some kind that makes you feel "new".

When starting new journeys, it's easy to get stuck on how far you have to go. The tarot is guiding you to adopt a fresh perspective.

Let go of "the ways things were" and embrace the new path forward.

I've also included a [link to my guided soulmate meditation](#), I HIGHLY recommend doing this meditation at least 3 times per week.
